## ST. GEORGE'S UNIVERSITY SCHOOL OF MEDICINE

GRENADA, WEST INDIES

St. George's University School of Medicine, with more than 1050 graduates licensed in 33 states, offers a rigorous, nine-semester program leading to the degree of Doctor of Medicine.

In January 1985, *The Journal of the American Medical Association* published a report which ranked St. George's number one of all major foreign medical schools in the initial pass rate on the ECFMG Exam.

70 medical schools in the United States have accepted over 630 St. George's students with advanced standing.

St. George's has received probationary approval to conduct clinical clerkships in New Jersey subject to regulations of the State Board of Examiners.

A Loan Program for Entering Students has been instituted for a limited number of qualified applicants.

Even today, there are still a few students  
who don't have an HP calculator.

Burning the midnight oil may be necessary. Burning the 2:00 or 3:00 or 4:00 AM oil is absurd.

Especially when an HP calculator can get the answers you want — in time to get a good night's sleep.

For instance, our HP-15C Professional Scientific Calculator has more built-in advanced math and statistical power than any other calculator. Our HP-41 Advanced Scientific Calculators have even more potential.

That's because there are better than 2500 software packages available for them — more than for any other calculator.

There's even a special plug-in software package (we call it the Advantage Module) that's designed to handle the specific problems an engineering student has to solve in his, or her, course work.

No wonder professionals in engineering and the physical sciences widely regard HP calculators as the best you can get.

So check one out. Then, when your mother calls to ask if you're getting enough sleep, you won't have to lie.

By the way, if you want more information, just give us a call at 800-FOR-HP-PC. Ask for Dept. 658C.
