BEIRUT, Lebanon (AP) — Israeli jets divebombed Palestinian guerrilla bases in the hills east of Beirut Tuesday, setting at least four targets ablaze, police said.

The raid came one day after Israel massed troops along the border with Lebanon in an apparent warning to Shiite Moslem guerrillas to cease their attacks in south Lebanon, near Israel. The border situation was quiet Tuesday.

Police said huge clouds of smoke billowed from the bluffs of Bayssour, Keyfoun, Eitat and Shimlan, 12 miles east of Beirut, after strikes that began at 5:30 p.m. It was the 10th Israeli air raid in Lebanon this year.

Israel's military command in Tel Aviv said all planes returned safely and reported hitting bases used for attacks on Israel by the Abu Moussa guerrilla faction and the Democratic Front for the Liberation of Palestine.

The Abu Moussa group said no Palestinians were killed or injured. Police said two militiamen from Druse warlord Walid Jumblatt's Progressive Socialist Party, which controls Lebanon's central mountains, were wounded. The party is allied with Palestinian guerrilla groups backed by Syria.

The Israeli planes made at least four bombing runs in 40 minutes with eight jets taking part in each sortie, police said. The pilots released red balloons that distracted the guerrillas' shoulder-fired, heat-seeking SA-7 missiles.

## Fugitive on the run

WRIGHT CITY, Mo. (AP) — A fugitive who allegedly killed two people and abducted several others during a three-state rampage eluded a dragnet Tuesday, and authorities said a third slaying might be the work of the same gunman.

Some residents of this small town kept their doors locked and their guns loaded, as more than 100 heavily armed officers using dogs and helicopters conducted the hunt for Michael W. Jackson, 41, of Indianapolis.

Jackson had vowed not to be taken alive, the Indianapolis Star said. He was believed to be armed with a sawed-off shotgun and a pistol.

Missouri Highway Patrol Capt. John Ford said there had been few leads, but said authorities suspected Jackson was still in the area because there had been no reports of stolen vehicles and Jackson apparently fled on foot after a gun battle with a local police officer.

"We've got nothing, but everyone is still out and that will continue until he's caught or it's determined that he's out of the area," Ford said.

Officers carrying automatic weapons stopped cars and searched passing freight trains. A man with an appearance similar to Jackson's was picked-up hitchhiking in the area, but later was cleared and released.

Police announced that a man initially thought to have died of head injuries when his car crashed into a light pole along Interstate 70 late Monday in St. Peters, about 20 miles east of Wright City, had actually been shot to death.

Investigators said further examination found that Earl D. Finn, 47, of O'Fallon, had suffered fatal gunshot wounds to the head, said Lt. Mark Grimmer of the St. Peters Police Department.

## U.S. and Soviet problems continue

UNITED NATIONS (AP) — Soviet Foreign Minister Eduard A. Shevardnadze accused President Reagan Tuesday of harboring "evil designs" for a first strike with the Star Wars system, but he said a "realistic possibility" still existed for a superpower summit.

In an address to the 41st General Assembly, Shevardnadze called President Reagan's U.N. address of Monday "regrettable" and "propagandistic." He mixed conciliation with an attack on U.S. strategic arms policies.

"Whatever is done to conceal it, the so-called defensive space shield is being developed for a first strike," Shevardnadze charged. "Evil designs are being passed for good intentions, and a sword for a shield," he said.

Before his speech, the Soviet foreign minister had an unscheduled 45-minute meeting with the Secretary of State George P. Shultz, apparently to discuss the confinement of American reporter Nicholas S. Daniloff in Moscow on spy charges. Neither side issued a statement afterward.

Shevardnadze did not mention Daniloff in his speech, but the Soviets have been saying without elaboration that Daniloff, Moscow correspondent for U.S. News & World Report magazine, could be freed "very rapidly" if the U.S. administration took the right course.

Shevardnadze addressed the General Assembly on the second day of its so-called "general debate," an annual event which gives heads of state and government, foreign ministers and other officials of the 159-member world body a chance to deliver policy statements for their governments. Tuesday's speakers included British Foreign Secretary Sir Geoffrey Howe and Japanese Foreign Minister Tadashi Kuranari. Both expressed the hope for another superpower summit this year.

## MORE ADVENTURE THAN A BLIND DATE.

Can you picture yourself swinging down a cliff? Or shooting the rapids? Or crossing a river using only a rope and your own two hands?

You'll have a chance to do all this and more in Army ROTC.

Adventure training like this helps you develop many of the qualities you'll need as an Army officer.

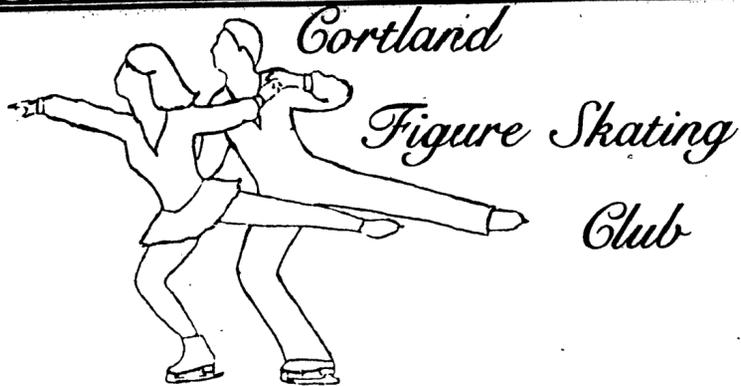

Qualities like self-confidence. Stamina. And the ability to perform under pressure.

If you'd like to find out more, make a date to see your Army ROTC Professor of Military Science.
