

Start practicing for the real world.

Using an IBM® Personal System/2® computer to help you succeed in college can also prepare you to succeed in a career. Because chances are, after you graduate, you'll be working on an IBM computer.

So the IBM PS/2 is the perfect investment. It can help you organize your notes, write and revise papers, produce high-quality graphics, and more. And not only is it easy to learn and use, but if eligible, you'll get up to 40% off.

Get a head start by working now on the computer you'll probably be working on later.
