**Obscurity Is Oft times A Virtue**

But more often it spells defeat. The new paper sent no one to see us. We were worried. Friday a representative dropped in. We signed on the dotted line. We don't want to be obscure.

So every now and then we will have a little story for you about White Plains real estate. We feel we are in a position to recommend.

**How To Solve the Cross Word**  
Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is horizontal; if above it, the word is vertical. The same number may of course begin both a horizontal and a vertical. The definitions for the correct words to fill the form are listed below, with numbers corresponding to those on the form. Run through the definitions till you find one that you recognize, and put it in its proper place on the form, one letter for each white square. This will furnish several cross-words to the words which will fit at right angles. Continue in this manner till the form is completely filled. If you have solved the puzzle correctly, it should read with horizontally and vertically with words corresponding to the definitions.
