

Today's Cross Word Puzzle

HOW TO SOLVE THE CROSS WORD PUZZLE

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there is a black square to the left of the number, the word is horizontal; if above it, the word is vertical. The same number may, of course, begin both a horizontal and a vertical. The definitions for the correct words to fill the form are found below, with numbers corresponding to those on the form. Run through the definitions till you find one that you recognize, and put it in its proper place on the form, one letter for each white square.
