Y.M.C.A. Life Saving Instruction Proves Very Valuable

World Series Duel Will Revolve Around Pitchers

Grove and Earnshaw May Win Series on Own Merits If Going Well; Cubs Pitchers Good.

PITCHING will decide the world series between the Philadelphia Athletics and the Chicago Cubs in the opinion of many major league ball players. "If Grove and Earnshaw are right they'll win the series single handed for the Athletics," said Bob Falk, veteran American League outfielder, who is playing with the Cleveland Indians this season after serving nine years with the Chicago White Sox. Falk has played against the Cubs in several city series when he was with the White Sox and believes Pat Malone and Hal Carlson will prove the most effective pitchers on the Cubs' staff.

SCREENS STOP LIGHT GLARE AT RINGSIDE

Green Curtain Surrounds the Powerful Light Used at Armory Fights—Glazed Bulls Fail.

Over at the Armory a call step-ladder reached up into the distance that is usually obscured by smoke drifting the weakly fighters and a man scended carrying a huge electric light bulb. It was coated with a white paint. Three others treated the same way were put in place in the sockets of the reflectors directly over the rings. Around the group of four lights was hung a new green shade.

"That ought to cut out the glare," said Sergeant Fanch. "Turn on the lights."

On went the powerful lights and sure enough the glare had ceased. The workers looked proud of their handiwork. The eyes of the right fans had been saved.

Then slowly conversation spread over their features. The brilliant glow of the lamps faded into a dim yellow and the Army grew darker. The disgruntled expert men cursed softly. "The huge bulbs, 'frosted' by a home process had turned yellow in the heat of the electricity. Half the normal light resulted. Down came the bulbs and the routine, burned almost again, was removed. The trial had failed.

However, the green shade is still up and has proved to be of some help. Only those directly adjacent to the ring will be in the direct glare of the light. The rest will be protected. This at least is some help.

Another improvement in the program tonight will be the reversal of the two ten-round fights from the order announced last week. Now the two former bantamweight champions will occupy the last and best placen on the bill and the Curcio-Benkowski scrap will open before the light. Both of these fights ought to be good but the one between Aboba and Doyle probably will contain more action.

Down further on the card is the

SPEAKING OF SPORTS

BY FRANK GETTY

WORLD SERIES PITCHERS

A popular pastime these days is discussing the rival pitchers for the world as we next month add their possibilities of victory.

A lot of smart baseball men are saying that Bob Grove, Connie Mack's great southpaw, won't finish a game against the Cubs. They think that Mack will make a mistake to start either Grove or Walsh in more than one game because the Cubs have eight right-handed hitters in their lineup—nine if Bub Tolson plays first base instead of Charley Grimm, who has been the only left-handed hitter on the shelf with an injured wrist.

Some believe that George Earnshaw, lanky right-hander, and O'Farrell, husky left-hander, are the best of the Cubs. Earnshaw is 45 again, will be the Athletics' best pitching bet against the Cubs. Jack Combs, former Athletics' star, thinks Earnshaw will win three games.

It's going to be a big surprise if Connie Mack starts Grove in the first game at Chicago, Tuesday, October 8, and a bigger surprise if he wins.

Most of the National League players do not believe that Guy Bush, Cubs' star right-hander, will be the hardest man for the Athletics to beat. They think that Mack will be the biggest obstacle in the Athletics' way.

Ray Schalk, former manager of the Chicago White Sox and first lieutenant to John J. McGraw, feels Malone as the best pitcher on the Cubs' staff. Ed Roach, Bob O'Farrell, Bill Terry and Travis Jackson are other members of the Giants who think that Malone will prove a big winner in the world series.

The Davis Cup

What are the chances of winning back the Davis Cup in 1930? Karel Kozeluh, a premier professional who has coached both the English and American Davis Cup teams, thinks they are bright. Kozeluh believes France was lucky to retain the trophy this year, and feels that if Lett has drawn Cochet first instead of Borotra, the Chicago boy would have defeated Borotra on the final day.

Rene Lacoste is through because of his poor physical condition. Kozeluh says Jean Borotra is all turned up and will never be as good as he was this year. The younger French players are not as promising as the younger American players. Kozeluh is still the world's greatest player, but the United States should be able to develop a singles player from Lett, Van Ryn, Allison, Mercer, Bell, Shields, Doeg and Magnus capable of beating any player France should develop. The United States should again win the Davis Cup.

Joseph W. Wear, chairman of the Davis Cup committee, thinks that the outlook for the future is very bright with Lett, Allison, Van Ryn and several other potential stars attain the heights achieved by masters of the past.

Odds and Ends

Pat Kelly, captain of the University of Chicago football eleven, spent the summer, working in a silver mine at Mullen, Idaho. . . . His Prout, southerly recently bought by the New York Giants from the Newark International League Club named Babe Ruth 11 out of 13 times when he was with the St. Louis Browns. . . . German Sandwiches, German-American heavyweight, is the son of a circus strong woman who specially was

MISS PARKER LOSES MATCH AT WEE BURN

Triangular Match Between Women's Golf Teams of Westchester, New Jersey and Long Island Held.

Presenting an especially strong line-up, the women's golf team representing Westchester defeated both Long Island and New Jersey in the annual inter-sectional triangular match and thereby retained the Myra D. Paterson trophy, which it has had in its possession for three previous years.

A triumph in each individual contest was equivalent to 1 point, and although Mrs. Thomas Huddell, the Connecticut title holder, and Mrs. Leo Federman, No. 1 position for Long Island, finished all even as Mrs. Federman lost the eighteenth hole with a 9, Westchester gained its first credit because Mrs. Huddell defeated Mrs. R. F. Decker, the New Jersey Association champion, the other member of the leading threesome.

The high-scoring honors of the day went to Mrs. Henry March of Long Island and Mrs. Edward Stevens of Westchester, both of whom had 82. Mrs. March won her two points as a consequence of defeating Mrs. Jay Lee of New Jersey, 5 and 4, and Miss Martha Parker of Westchester Hills, 2 and 1.

Mrs. Stevens scored against Miss Catherine Beach of New Jersey and Mrs. Elizabeth Taylor of Long Island by 5 and 3.

A special low-net prize was awarded to Miss Rosana Hicks of Long Island, who had a gross of 86, with a 9 at the ninth hole, and a net 77.

GIANTS DEFEAT CUBS

The Giants pounded Blake and batters know the rule book almost by heart.

Boys Have Saved Lives; Other Activities Noted

Spring and Summer Program Taken Advantage of By Many Men and Boys.

REPORT of the spring and summer season at the Y. M. C. A. reveals many ways in which the "Y" has been active. In spite of the dearth of members owing to vacation the past few months the "Y" has maintained a hall team which was fairly successful. The swimming and life-saving classes in the spring perhaps have done more actual good than any activity that the "Y" has ever engaged in. The practical value of the tests the boys took at the indoor pool at the "Y" was revealed a short time ago by the statements of several of the boys who had been able in some way to give aid to others in the water.

Every year many people lose their lives in swimming but the more who know how to swim and the more who know the art of life-saving the fewer accidents there will be.

INSTALLING NEW LIGHTS

Workmen Now Plying New Ornamental Lights on Bloomingdale Road

Bloomingdale road will have lights within two weeks. Commissioner of Public Works Eugene Halpin, jr., announced this morning. The Westchester Lighting Company is at work installing a new system of ornamental parkway lights along the newly paved stretch from Westchester avenue to Mamaronck avenue and the job is almost completed. The Commissioner said:

Following the completion of the job on Bloomingdale road, the crew will immediately begin to install the same system on the newly paved section of Bryant avenue from Old Mamaronck road to North street. Mr. Halpin said:

The lighting company is still at work changing street lights throughout the city from 60 candlepower to 100 candlepower lights. Mr. Halpin was unable to say when the work would be completed.
