The many friends of Victor B. Miller, who resided in this village at one time, but who is now the City Editor of the White Plains Daily Record, will be interested to learn that he has been elected president of the White Plains Base Ball Association. Mr. Miller has always taken great interest in baseball in the county seat and at one time was considered one of the crack players. He was also a member of the Croton Falls team where he was well known on the diamond. County Notes

Supreme Court Justice Joseph Morchauser has signed an order which paves the way for J. Addison Young to issue receiver certificates for \$100,000 for the purchase of new cars to be run on the Tarrytown, White Plains and Mamaroneck Railway lines. The new cars will be similar to "Pay as you enter" and will be similar to those in operation in Manhattan.

Thirty-five housemiths and sheet-metal workers, employed on the White Plains court house, went on strike, owing to a disagreement over which of the two unions should put in the steel filing cases.

The sheet-metal workers claim that the putting up of the filing cases is their business, and the housemiths say that it is theirs.

The matter was put up to the building committee of the new court house and the committee held a meeting and declined to interfere between the two unions. Consequently the men belonging to both unions quit, leaving only the cabinet workers and steam fitters at work.

The Yonkers fire brigade devoted all its energies to putting out a brush fire that stretched from the Empire City race track to Kimball avenue, Monday afternoon, embracing an area of from eight to ten acres, in which were situated ten frame dwelling houses. Four engine companies were working constantly from midday until 3:30 o'clock before the last vestige of the blaze was out, using more than 2000 feet of hose.

Monday witnessed the start of the campaign for the prevention of tuberculosis in Yonkers, under the joint auspices of the State Department of Health, the Stae Charities Aid Association and the Yonkers Sanitary League. The tuberculosis exhibition of the State Department was shown in the Armory of Co. G, Waverly St.
