Kelly-Keeffe Shoe Co. "Home of Dependable Shoes"

WOMEN'S OXFORDS

THE best way to thoroughly appreciate how extensive and comprehensive stock of shoes for women Kelly-Keeffe Shoe Co. carry is to inquire of other shoe dealers how many styles of Street Pumps they can show you. The Kelly-Keeffe Shoe Co. is the only concern in Southern New York that has foresight to see that Woman's Street Pumps were to be decidedly "it" this season. Nowhere else can a woman find such a wealth of style and shape in low shoes as at our store.

Tardy Summer Season Forces This Great Sale.

We are carrying the largest, most complete and altogether desirable line of high grade dress goods that can be found in this section. This extraordinarily large stock was placed with the idea of early spring selling, but, this unprecedented cold and unfavorable season has left a large amount of the stock on the shelves. It is necessary that this shall be sold immediately and unusually low prices have been placed on all the best lines, despite the fact that they are perfectly seasonable and appropriate for summer wear.

The prices quoted here are simply significant of those which prevail throughout the Dress Goods Department.

Special attention is paid to our Mail Order Department; prompt shipments following all orders

50c Dress Goods 29c yard

ELMIRA MAN VISITS HORNELL

D. E. Bennett May Construct a "Made in Elmira" Incinerator in Maple City

The Hornell Times Monday afternoon had the following:
An important interview that may result in a great municipal improvement was held this morning when David E. Bennett of Elmira, constructor of incinerating plants, called on Alderman C. B. Yost relative to the plan of installing some kind of a garbage reducing plant in this city.

Mr. Yost is chairman of a committee appointed by the council to study the garbage reducing question and make a report that may enable the city to install some suitable system which sanitary safety demands.

Mr. Bennett wished to look over the city to see its size and its topography so that he will be able to talk more intelligently when he addresses the council on the matter.

A date for his return to the city will be fixed as soon as Mr. Yost shall have an opportunity to consult with other members of the committee. Pressing business would not permit Mr. Bennett to remain here more than a few hours today.

Two plans seem to be likely discussed when Mr. Bennett returns to Hornell. One is to build the municipal ownership of a garbage plant and the other is to allow Mr. Bennett's company to operate it with a clause permitting the city to take possession, in a stated time, say in 10 or more years.

HORSEHEADS TRUSTEES SELECT PRINCIPAL TO DIRECT THE HIGH SCHOOL

Professor Elmer Knowles of Van Etten Will Succeed L. C. Higley—Two Teachers Yet to be Engaged—Debating Society Comes to Elmira for a Banquet

Horseheads, May 28.—The Board of Education held an adjourned meeting last night for the purpose of selecting a principal for the High School for the coming year. Only one candidate appeared before the board, Principal Elmer Knowles of Van Etten. Mr. Knowles was tendered the position, and although he has been engaged for another year by the Van Etten Board of Education, it is thought he will have no difficulty in securing a release after which he will enter into a contract with the local Board of Education.

There yet remains two High School teachers to be appointed. There are many applications for the positions. The petition which was presented to the board by the High School students asking for the reappointment of two of the instructors, which was tabled, has not been taken up as yet, and the probability is that it will remain where it now rests unless greater pressure is brought to bear on the powers that be.

Dedication Service.
The Methodist Society is making extensive preparations for anniversary dedicatory services which will be held in the church next Sunday. The Rev. Eli Pittman of the Hedding Methodist Church, Elmira, will deliver the address at the morning service, and in the evening the Rev. W. H. Yard of Oneida, will preach.

It was through the untiring efforts of Mr. Yard which he was pastor of the church that the society now boasts of one of the most complete and modern houses of worship in this section and his coming will be hailed with delight.

There will be special music at both the morning and evening services. This

will be under the direction of Choir Leader E. F. Van Name. Monday evening a special social gathering will be held and the Ladies' Aid Society will serve a free luncheon to the members of the church and congregation.

An entertainment will be provided and the church decorated for the occasion under the direction of the Epworth League.

Making Improvements.
Fred Tobias is the first step to completing with the order issued by the Board of Trustees to build a new sidewalk, having begun the work of placing a new concrete walk in front of his property on South Main Street.

John Pincney is preparing to place village water in his residence.

The water main was tapped yesterday and water placed in the residence of Mrs. C. F. Roe on Sayre Street.

John Edgar was called to the west part of the state the last of the week by the serious illness of his father, who is suffering from an attack of spinal meningitis.

Grand Central Avenue is closed from Chemung Street south by the contractors who are building the new macadam road.

Debaters Banquet.
The first annual banquet of the Alpha Omega Debating Society will be held tonight in the Hotel Langwell. A special car will convey the club to Elmira and the spread will be elaborate. The Rev. H. D. Cameron, president of the club, will act as toastmaster, and the following toasts will be given: "Alpha Omega," Bert Bowers; "Horseheads," Leon Brooks; "Our Town," William Flannery; "The Debates," Van Van Buren; "Club Spirit," Richard Gardner; "Our Guests," Aubrey Allen; "Future," Holden Sayre. Nuff said.

Pipe Starts Fire in Coat Pocket

Attorney Friend H. Miller pleaded guilty to arson in the County Court this morning. With this may startle the well-known lawyer's friends, the statement is true and it is only because his judgment was lenient and because Deputy Sheriff "Jerry" Smalley is a good exempt fireman who can still do duty that Attorney Miller is about and happy this afternoon.

Attorney Miller entered court this morning a few minutes before the opening time. On the way over he had been enjoying a particularly cool and sweet smoke from his trusty briar pipe. As the tobacco had burned low he thrust the pipe down into a coat pocket without going through the formality of knocking out the ashes.

Crier Babcock opened court and with everything quiet, Clerk Taber began calling the jurors. In a few moments like halos around Attorney Miller's head, then the smoke grew denser and there was a smell of burning cloth and tobacco.

The well-known attorney sat in a regular cloud of smoke and everybody began to take notice.

"Judge, shall I call the fire department," asked Clerk Taber, indicating with a jerk of his thumb the spot where Attorney Miller sat.

Mr. Miller's pocket was a hot place from spreading to his coat tails. Finally the attorney made a hasty exit and the deputy and Crier Babcock went to assist him.

When Mr. Miller returned after the fire had been extinguished, his modesty pleaded guilty to arson and Judge McCann, notwithstanding the fact that it was not Attorney Miller's first experience with fire, suspended court business was resumed.

NAMES COMMITTEES FOR ENCAMPMENT

The E. M. Hoffman, United Spanish-American War Veterans held a meeting at the Armory last evening. Plans were again discussed in relation to the encampment of the association which is to be held in this city in August.

Commander Hart, after preliminary matters had been talked over, appointed the following committees to have charge of the encampment:

Ways and Means—Lieutenant W. H. Halliday, Major A. M. Hall, William Metzger, Roy S. Smith.

Entertainment—J. D. Driscoll, William Bartlett, S. Wingerder, Ira Miller.

Reception—B. E. Sweet, Captain J. D. E. Reid, John Gilson, A. McG. Gracie.

Band—Dr. R. E. Howland, J. M. Deihl, F. J. Jones, B. N. Topping.

WILL URGE HUGHES TO SIGN THE BILL

The Corning Business Men's Association will send a delegation to Albany next Friday to urge upon the governor the signing of the bill in relation to the construction of certain railroads where the property and franchises of the corporation opposed to construct the same have been sold under foreclosure proceedings," also the act "to legalize and confirm the certificate of incorporation of the Corning, Keuka Lake & Ontario Railway Company and the proceedings taken and had under or in pursuance of said certificate."

Under the former bill where the property and franchises of a railroad corporation incorporated prior to 1875 were sold within 10 years after the certificate of incorporation pursuant to a judgment of foreclosure, actual construction having been begun at the time, was incorporated on or before 1905, such new corporation shall inherit the right possessed by the former corporation provided the road is completed within five years and started within two years.

The second bill is explanatory by its title. The two bills will allow the construction of the Corning, Keuka Lake & Ontario Railway.

INCREASE IN WAGES TAKES EFFECT TODAY

Boston, May 28.—The general upward movement in the wages of New England cotton mill workers today affected about 35,000 operatives in Rhode Island, Massachusetts, Vermont and other places in Northern New England. The advance which became operative this morning in the sections named amount to 10 per cent.

Early next month it is announced an advance of 5 per cent will be given in other manufacturing districts. The cotton mills of New England employ upwards of 200,000 hands when the machinery is fully manned.

BRONCHIAL TROUBLES

Readily Yield to Soothing, Healing Treatment of Hyomei.

Bronchial troubles are purely local. They cannot be helped by stomach dosing. They are caused by irritation in the air passages and can be relieved and wiped by medicated air alone. In this lies the secret of the great success of Hyomei in the treatment of bronchial troubles.

The Hy-me-i medication, laden with Nature's remedies, is breathed through the neat pocket inhaler that comes with every outfit, reaching every part of the bronchial tubes and killing at once the disease germs. It allays all irritation and heals the inflammation of the mucous membrane with astonishing rapidity.

Treatment with sprays, douches and atomizers in bronchial troubles is condemned by the best physicians, as they cause further irritation.

The first breath of Hy-me-i medicated air seems to soothe the inflammation, stop the cough, and thus relief soon becomes permanent and a cure results.

Hy-me-i has made many remarkable cures in the worst and most chronic forms of bronchial troubles and is sold by Gerrity Bros., with the same guarantee as they give when Hy-me-i is purchased for catarrh, that is, to refund the money in case the remedy does not give satisfaction. The complete outfit costs but \$1.00.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition hearing will be destroyed forever; nine cases out of 10 are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

PROFESSOR J. R. STREET SPEAKS TO TEACHERS

"The Development of the Child" was the topic chosen by Professor James R. Street of Syracuse University for his address to the teachers of the public schools in the assembly chamber of the City Hall yesterday afternoon at 3:15 o'clock.

Professor Street spoke to the members of the "Principals' Round Table" in the Board of Education rooms last night. The question of promotions in connection with school work was discussed.

"How to interest the Pupils," will be the topic on which he is speaking in the assembly chamber of the City Hall this afternoon at 3:15 o'clock.

Mr. Street is professor of pedagogy in Syracuse University and also a member of the Board of Education of the city of Syracuse.

Superintendent's Report.
I have the honor to present the following report for the year 1906:
Another year of hospital work has closed, showing an increase in every department. The private rooms have been constantly occupied, one hundred and ninety-two (192) patients being treated.

Total number of days for all patients, fifteen thousand, three hundred and six (15,306), and total number of patients six hundred fifty-eight—fifty more than in any previous year.

The training school numbers sixteen pupils. There were fifty-six (56) applications; twelve (12) of these were received on trial and five (5) retained. The graduates are kept constantly busy in private work and eleven (11) of them hold hospital positions. The registry class were one hundred and forty-nine (149), a smaller number than in any previous year. Many of the nurses receiving direct calls.

The graduating exercises for the class of 1906 were held in the lecture room of the First Baptist Church, Dr. Elmer of Syracuse, giving the address. The five graduates received diplomas, presented by Mr. Z. R. Brockway, President of the Board of Managers; also hospital pins.

The donations of the past year are herewith submitted, in the hope that our friends will continue to show us the same favors for the coming year.

Respectfully submitted,
GRACE R. D. KINNEY,
Superintendent.

UTICA PRAISES WORK OF LOCAL CHAMBER

The Utica Observer yesterday published the following:
"The Elmira Chamber of Commerce is sending out some literature suggesting to whoever may read that Elmira is a live, progressive, growing city and that it is therefore a good city to establish an industry. Other cities are doing the same thing."
"Now that business men know the value of advertising their wares as individuals, firms or business corporations, the idea is expanding until at no distant day the advertising of municipal corporations will be taken care of with a vigor, a persistence and a plan which will give the results that the cities are looking for."
Business men's associations in some cities have arranged to have the advantages of the town printed on all stationery which is sent out by the commercial houses in that city; other send out booklets, and others, having their traveling men distribute cards here, there and everywhere telling of the virtues of the home city.
"The advertising of a city in the same manner that a summer hotel or winter resort is advertised is being done in a limited way in magazines, and all over the country there are men lying awake nights and pondering by day in efforts to hit upon the feasible scheme for making their cities grow faster than the normal rate."
