

MEETING OF THE HEALTH BOARD

Action Taken to Insure Purer Milk in This City.

DAIRYMEN MUST OBEY REGULATIONS

City Now Has One Case of Infantile Paralysis and One Case of Typhoid—Householder Ordered to Connect Residence With the Sewers.

At the regular monthly meeting of the Board of Health held at the City Hall on Friday evening, President Knapp, Commissioners McCombs, Hawkins, and Hammond, Health Officer Gessner, and Clerk Cleary were in attendance.

Mr. V. R. Dillistin appeared before the Board and stated that the following-named persons and corporations were selling milk or milk products in the city without license, and he asked that they be compelled to comply with the rules and regulations of the Board of Health.

E. V. Giveans, Neversink Road; J. P. Van Ness and Stephen Case, Greenville; Sullivan County Creamery Co., Callicoon, N. Y.; Howell Condensed Milk Co., Goshen, N. Y.

The Sanitary Inspector was instructed to arrest any person selling milk or milk products within the city without a license from the Board of Health.

The report of Milk Inspector W. Y. Rumsey was read, received and filed, the report being as follows:

To the Board of Health, City of Port Jervis, N. Y.:

Gentlemen—The regular September inspection of the dairies and milk routes supplying Port Jervis shows that the milk wagons and milk depots with one exception are in good condition. The per cents of fat retained in the samples of milk taken from the wagons were as follows:

Samuel Granger 4.2; Frank Dillistin 3.5; Wm. Carman 4.1; V. R. Dillistin 3.7; H. Cordier 3.4; T. Alward 4.4; J. B. Neappass 4.4; C. D. Case 3.6; E. R. Dunn & Son 3; E. Shay 4.2; G. B. Cisco 4; Levi Doty 4; W. G. Price 3.6; D. N. Turner 4.

It will be noted from the most that most of the dairies show higher percentages than on previous inspections:

G. & C. Whitlock 8.9; Wm. Carman 8.2; W. H. Vail 8.7; J. B. Neappass 8.7; Henry Schneider 8.5; Samuel Granger 8.3; H. G. Cuddeback 8.1; S. D. Swartwout 7.8; Chas. Hoffman 7.7; Wm. Stempert 7.6.5; Wm. Laux 7.5; August Rehnart 7.4.5; E. C. Swartwout 7.3.5; Frank Dillistin 7.3; James DeVevoise 7.2.5; B. C. Penny 7.2; L. A. Johnson 7.2; T. Fitzsimmons 7.0.5; B. E. Cuddeback 7.0; E. Shay 7.0; Otto Struck 6.9.5; L. T. Cole 6.8.5; Oscar Cuddeback 6.8; Geo. Schneider 6.7.5; W. P. Van Sickle 6.3; J. E. Van Iwegen 6.0; E. H. Cooper 5.6; Wade Westbrook 4.7.

Mr. Granger has nearly completed remodeling his cow stable. This barn is now one of the best, having concrete floors throughout, high ceilings of tight boards and a large number of windows, giving sufficient light. It is necessary to call your attention again to conditions existing at the dairy of Mr. Wade Westbrook. At the time of the inspection on Sept. 26th, the barnyard was not properly drained by the Board of Health some time ago. The cow stable floors were filthy. The floor in the milk house was nearly rotted away. The milk house had no ventilation. The regulation small top pails are not used, and your inspector was informed that they would not be. It is respectfully asked that the Board take some action in the matter.

It also is asked that the Board take some action in the matter of Mr. E. H. Cooper who refuses to use the regulation small top pails.

In a general way it is necessary to call the attention of some dairymen to the regulations in regard to the use of the King System of ventilation in all barns. Farmers should avail themselves of the opportunity to obey this regulation before the penalty is attached.

Respectfully submitted,
W. Y. RUMSEY,
Milk Inspector.

Dated, Port Jervis, N. Y., September 29th, 1911.

It was moved and carried that the milk from the dairy of Wade Westbrook be excluded from sale in the city and the Clerk was directed to issue orders accordingly.

The Clerk was directed to notify E. H. Cooper that the regulation small top pail must be used in his dairy within 30 days, or the milk would be excluded from sale in the city of Port Jervis.

Applications for milk licenses were granted to J. F. Cisco, D. N. Turner, H. G. Cordier, Samuel Granger, V. R. Dillistin, Theodore Alward, William Carman and C. D. Case. The Clerk was also directed to issue licenses to future applicants, who sell milk from inspected dairies.

Bill of Milk Inspector W. Y. Rumsey for \$64.60 for services and expenses, was audited.

The Health Officer reported one case each of scarlet fever and infantile paralysis in the city at the present time.

W. J. Collier was ordered to connect his premises at 22 Coleman street with the sanitary sewer system, and to abolish the outside toilet now on the premises within 15 days.

The Board then adjourned subject to the call of the President.

MINISTER 87 YEARS OLD, IN NEWBURGH CHURCH 55 YEARS

Rev. J. Renwick Thompson, of 87 Broad street, Newburgh, who has been pastor of the Westminster Presbyterian Church of Newburgh, for 55 years, celebrated his 87th birthday Monday. Rev. Dr. Thompson is well known throughout this section of the State.

Dr. Thompson was born in Newburgh, the son of Elder William Thompson, prepared for college in the old Newburgh Academy, and graduated from the New York University in 1847. For four years he studied in the Reformed Presbyterian Seminary in Cincinnati and afterward in Northwood, Ohio. On April 16, 1852, he was licensed to preach the gospel. After more than a year spent in Europe, he was called to the pastorate of the Westminster Reformed Presbyterian Church in Newburgh. He became the pastor of the

church on Dec. 19, 1856, and has since continued his pastoral relation. He was married on June 1, 1858, to Miss Mary Frances Lawson, only daughter of the late John Lawson.

Next to him in point of years and activity is the Rev. Jesse F. Shafer, whose career as lawyer, soldier and clergyman has not been equaled probably anywhere in the country. Mr. Shafer was born on October 12, 1823, in Montgomery, graduated from the Montgomery Academy, became a school teacher, then a lawyer, and when the Civil War broke out enlisted in the famous Tenth Legion. In 1887 he was ordained a minister of the Presbyterian Church and served as pastor of the First Presbyterian Church at Audenried, Pa., and of the Presbyterian Church at Hughsonville, Dutchess county. He is still engaged in active business as a pension and claim agent.

MORE ABOUT MONROE DEPOT

Public Service Commission Held Another Hearing Wednesday.

\$30,000 PARK IS NOW PLANNED

Plans Will Be Submitted to the Erie Company and Matter Will Be Settled Later.

Monroe, Sept. 28.—The subject of the erection of a new depot at Monroe was brought directly home to the taxpayers of the town, yesterday, when a hearing in the matter was given in Firemen's Hall, by the Public Utilities' Commission of the Second District, when the Erie officials were present and offered to proceed with the building of a station and approaches on the Carpenter property, if the townfolk were agreeable. About three hundred of the most prominent people in the village and vicinity filled the hall and every phase of the question was gone into.

The subject of the erection of a new station at Monroe, which is afflicted, like many other villages in the state, with several grade crossings is one that has been before the public in one form or another for several years. At the instance of the Board of Trade of the town, who claimed that the present station was unsanitary and inadequate, a hearing in the matter was given in Albany recently, but no definite conclusion was reached. Yesterday's gathering was in reality a resumption of that hearing, but an unexpected surprise developed. At a meeting of the village trustees, the previous evening, a resolution was passed designed to retain the station on its present site. This was to be effected by the purchase of the Knight properties and the formation of a park therefrom at a cost of \$30,000. Lawyer Eliwood C. Smith was present in the interest of the trustees to champion this resolution and much of the session which lasted three hours resolved itself into an effort on his part to stave off the Carpenter lot proposition until a vote could be taken on the question of appropriating money for a park (adjoining which would be the station). J. B. Olmsted, who was chairman of the meeting and represented the commission, told Mr. Smith clearly that the commission had no power to instruct the Erie where to put its station building, their function rested in giving to the people of Monroe a sanitary, adequate and accessible station. Mr. Smith was advised to submit his plans to the Erie company to see if they approved of them; and to do so at once, otherwise there would seem to be no chance of work on a new station beginning this year.

Injury of Erie Trainman.

Erie Trainman Charles J. Munson, of the New York Division, was severely bruised about the head and neck on Thursday night by being thrown to the floor of his caboose at Maybrook by the stoppage of the train, due to the sudden application of the air-brakes, due to the parting of the train by the derailment of a car. He came to his home in this city at 104 Jersey avenue, where he was treated by Dr. H. B. Swartwout.

Midnight in The Ozarks

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, influenza, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, its the best known remedy. Price 50c. and \$1.00. Trial bottle free. Guaranteed by A. Druggists.

DEMOCRATIC CONVENTION

Held in the Court House at Goshen Last Friday.

W. J. COLLIER PROMPTLY DECLINES

To Run for Office of Coroner—Wm. Finan, of This City, the Nominee.

Wm. A. Feuchs, of Newburgh, for Special Co. Judge.

The Democratic County Convention assembled at noon last Friday in the Court House at Goshen and organized by the election of A. C. N. Thompson, of Middletown, as chairman. Harry Vail, of Warwick, and John Degnan, of Middletown, were chosen secretaries.

The officers were sworn in by Philip A. Rorty, of Middletown. On motion of J. E. Ward, of Crayford, the secretaries were authorized to act as tellers.

The credentials were presented and on motion of County Chairman George F. Ketchum, of Warwick, the roll call was dispensed with.

W. J. Creagan nominated William A. Feuchs, of Newburgh, for Special County Judge. The motion was seconded by Hubert Carpenter, of Monroe. The secretary was directed to cast a single ballot for Mr. Feuchs and he was declared the nominee.

Wm. J. Collier, of Port Jervis, was nominated for Coroner and he promptly declined the honor, and William Finan, of this city, was then nominated by acclamation.

George F. Ketchum moved that the officers of the convention be empowered to fill all vacancies and the convention adjourned.

Robert H. Clark for Assembly.

The Democratic convention was called to order at 2 o'clock. Wm. P. Gregg, of Port Jervis, was made chairman, Jas. Langan, of this city, and W. F. Cronk, of Middletown, secretaries.

An informal ballot for Assemblyman gave Robert H. Clark, of Minisink, 34; W. T. Doty, of Walkkill, 13; Chas. Will, of Port Jervis, 5; W. L. Gunther, of Middletown, 4; Chas. A. Evans, of Howells, 3.

On motion the nomination of Robert H. Clark was made unanimous.

WOUNDED NEGRO DIES.

Mottolo, Who Shot Him, Now Charged With Murder.

Joseph Marshall, the negro who was shot on Saturday afternoon in front of the commissary store of William Chase on the aqueduct in Cornwall, by Pasquale Mottolo, a clerk in the store, died in St. Luke's Hospital, Newburgh, at 11 o'clock Thursday night as a result of his wound.

Mottolo, the Italian, who shot Marshall, is in the Newburgh jail. The charge against him when he was held for the grand jury by Justice of the Peace Sylvos, of Cornwall, was assault in the first degree. The charge will be changed to one of murder.

NO EPIDEMIC IN MIDDLETOWN

Health Officer Says Only Usual Number of Typhoid Cases Exist.

THESE ARE NOT DUE TO A GENERAL CAUSE

Is an Autumnal Disease and Dr. Hammer States This Year Has Been Ideal for Its Development.

The many disquieting rumors relative to the prevalence of an unusual number of typhoid cases in Middletown has caused Health Officer Dr. J. L. Hammer, of that city, to issue a statement in which he declares that the usual number of cases at this time of the year has ranged from 17 to 45. This has been the case for the past ten years.

There are now about 30 cases in Middletown, of which ten are from out of town infection. Half a dozen of the remaining two-thirds of the cases are light.

"Typhoid fever," said Dr. Hammer, "is an autumnal disease, and this year has been an ideal one for its development. It will be recalled that there was a long dry, hot spell which lowered wells and streams alarmingly. That condition was succeeded by hard, severe rains, which raised the waters and necessarily brought surface pollution into the potable waters. Then came, as now, hot days and cool nights, when citizens, unwilling to withdraw from porches, sit out and catch cold. There has been a great profusion of true typhoid cases, which have been liberally eaten, all of which has a tendency toward diarrhoeal troubles.

"There is a general idea that typhoid fever is only contracted through pre-existing germs, but why, then, do these cases only develop seriously in the fall?

"In New York City, where typhoid is prevalent at this time, some of the very best men are seeking to establish the cause of the epidemic there, but have been unable to do so. Here in Middletown every case of contagion is promptly investigated by the health officer. We look up the conditions which might have produced the case, such as cleanliness about the home, the water and milk supply and the prevalence of flies, etc. This has been regularly done for the past few years. We know that there is no general cause for the present cases. We expect that there will be more, but do not believe that there will be any more cases than usual, and there is no cause for alarm.

"Our water is good, and I do not think it is necessary to boil it; boiling takes all the oxygen out of it and makes it insipid. In a chemical analysis of the city water recently made no nitrites were found. Chemist Bull is now making a bacteriological examination. The last report by a state inspector as sent me, showed the water to be in good condition.

"The present 'flurry' in typhoid began July 1, when there were three or four cases, and up to the present time but thirty have been reported, and the state requires that all such cases shall be reported promptly."

New Form of Hunting License.

City Clerk John F. Cleary has received a supply of the new hunting licenses for non-resident taxpayers of the State of New York; the fee for which will be \$10.50. The non-resident fee is \$20, but for persons owning property and paying taxes in New York, and living in New Jersey, Pennsylvania, or any other state, the fee is \$10.50.

Revolver Licenses at Police Office.

Chief of Police W. F. Wilkin has received the blank licenses for the possession and carrying of revolvers which will be issued to responsible citizens on satisfactory reasons by the payment of \$3 for carrying, and 50 cents for possession of revolvers.

Never Out of Work.

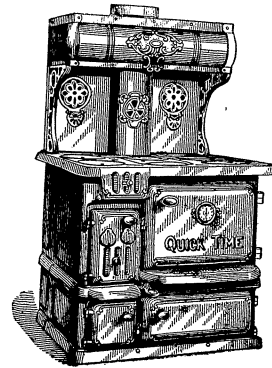

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that chases weakness into strength, languor into energy, brain-fog into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria. Only 25c. at All Drug-gists.

Triplets at Stroudsburg.

There was an unusual occurrence at the residence of Mr. and Mrs. Aaron Transue, of Stroudsburg, on Friday morning of last week, when Mrs. Transue gave birth to triplets, three strong, hearty baby boys. They weighed as born respectively 6½, 5½ and 7 pounds. The infants are all in the best of health and the mother is resting comfortably.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Williamsport, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that exceeds it." For sale by All Dealers.
