

MEETING OF HEALTH BOARD

Reports From Health Officer and Nurse, Sanitary and Milk Inspectors.

DAIRIES NEED IMPROVEMENT

General Conditions of The Health of The City Are Good—Slight Epidemic of Measles—Work of Anti-Tuberculosis Nurse.

At the regular monthly meeting of the Board of Health held at the Common Council rooms in the City Hall on Friday evening, those present were President Neapass, Commissioners Hammond, Baker and Leahy, Clerk John F. Cleary, Sanitary Inspector J. E. Everitt, Health Officer Dr. E. G. Cuddeback, and Milk Inspector W. Y. Rumsey.

Report of Health Officer Dr. E. G. Cuddeback was read, in which it was stated that the measles epidemic has taken a fresh start in that portion of the city which first escaped, namely, the section comprising Jersey avenue, Front, Ball, Hammond and Franklin streets, and intersecting streets.

The closing of the schools for the summer vacation will greatly aid in stamping out this epidemic. During the past month 54 cases of measles were reported, 17 of pertussis, two each of pneumonia, and two of tuberculosis. There have been three examinations under the child labor law. In several cases the measles quarantine has been violated, but, when matters were explained to the parents of the children, they promised to obey the regulations. The tuberculosis nurse has entered upon her duties. Supplies are now on hand for combating tuberculosis required under the tuberculosis law consisting of sputum cups, holders and pocket cuspidors. These will be given out when asked for by the physician in charge.

Report of Sanitary Inspector J. Elmer Everitt was read, received and filed.

The following report from Milk Inspector W. Y. Rumsey was received and filed:

To The Board of Health of the City of Port Jervis, N. Y.:

Gentlemen—The regular June inspection of the milk supply of this city, shows the milk deposits and milk wagons to be in satisfactory condition. The conditions in the dairies are better than at the time of the March inspection, in most cases, though in many dairies the methods of milking are more or less faulty, where the equipment is good. The scores follow:

Per Cent.
Whitlock Brothers 89
B. E. Cuddeback 88
W. H. Vall 83
H. G. Cuddeback 81
E. A. Penny 78.5
Hinaman & Co. 75.5
S. D. Swartwout 75
B. C. Swartwout 77
Wm. Stempert 76.5
Chas. Hoffman 76
W. I. Gumaer 76
Wm. Casman 75.5
James DeBevoise 73
Wm. Laux 71
Frank Dillistin 70.5
J. E. Van Driest 69
Alfred Sykes 69.5
T. Fitzsimons 69
Otto Struck 67.5
L. A. Johnson 66
L. T. Cole 66
Mrs. Hattie Parrel 66
E. H. Cooper 65.5
Geo. Schneider 64.5
Osmer Cuddeback 64.5
August Reinhardt 61
R. Meade 61
J. B. Neapass 58
Litts & Van Sickle 58
Samuel Granger 55

It will be noted that only five dairies score above 80 per cent.

It is respectfully recommended that the following dairies be notified to make use of the regulation covered pail, be notified to use these pails at once and to continue using them under penalty of having the milk excluded from the city: Frank Dillistin, Alfred Sykes, Geo. Schneider, R. Mead.

That Mr. R. Mead, of Huguenot, be notified to clean and whitewash the barn where his dairy is stabled and maintain this barn in a sanitary condition at all times.

Owing to the danger of contamination of milk by flies, the outside toilets on the dairy farms have been investigated and many of them have been found to be in a dangerous condition. In nine toilets, the vaults are entirely open while in only three are the vaults properly closed to exclude flies. Where necessary, improvements have been asked for and proper disinfection requested.

The King System of ventilation is being installed in some of the barns. It seems necessary to call your attention to the practice of farmers leaving cans of milk on the street until it is picked up by scavengers. On June 22nd, at 11:25 a. m., the temperature of a can of milk, left by S. D. Swartwout at the corner of Ball and Sussex streets, for E. Shay, stood at 67 degrees at the same day, at 11:40 a. m., the temperature of a can of milk from V. I. Gumaer's dairy left for T. Alward, stood at 67 degrees.

This is in violation of the ordinance which requires milk to be cooled to 50 degrees and held at that temperature until delivered to the consumer.

The inspection of the creameries in this city shows that the creamery operated by the Port Jervis Dairy Company is sanitary and that the methods of handling the milk are superior. At the creamery operated by V. R. Dillistin, the lid to the receiving vat was found open and there were a number of flies in the vat. When milk is not being received the lid to the vat should be closed. It is recommended that Mr. Dillistin be notified to keep the lid to this vat closed

when milk is not being received, and that he be also instructed to repair the floor in the separator and boiler room.

Respectfully submitted,
W. Y. RUMSEY,
Milk Inspector.

Dated, June 28th, 1912.
The report of Visiting Nurse Mrs. Helen Chappell was read, received and filed.
The bills of Seberly and Johnson, of \$12.52 for supplies; L. Y. Ketcham for plumbing inspection, \$35; and W. Y. Rumsey, for milk inspections, \$64.64, were audited.
The Board then adjourned subject to the call of the President.

WEST END.

West End, June 29.

Messrs. John W. Kelly and Philander Horn spent Friday at Knight's Eddy, on the Delaware, near Mongaup, and succeeded in securing a fine catch of fish, all of good size.

BIRTHDAY SOCIAL ON CHURCH LAWN

A Penny For Each Year Proved a Popular Admission Fee.

LAWN PRETTILY LIGHTED

Christomatheans' Event Thursday Evening Attracted A Large Number of Friends and was a Success Socially and Financially.

The lawn in front of the Reformed Dutch Church presented a beautiful and brilliant appearance Thursday evening. The Japanese lanterns, which were strung between the trees about the lawn, the large electric light at the centre door of the church, the lights shining through the stained glass windows of the church caused many exclamations from travelers at their beauty and attracted many friends to the birthday social of the Christomathean Society. Admission to the social for members of the society was by a small silk bag containing as many pennies as the member could boast of years. For others a small sum was asked.

Chairs were placed about the lawn and to the many groups were served delicious ice-cream and cake by the committee, under the supervision of Miss Josephine Farnum, President of the Christomathean Society. The Colored Mandolin and Guitar Quartette of Port Jervis discoursed sweet strains of music throughout the evening. They also sang "Old Black Joe" and two or three other numbers. The party was a decided success, both socially and financially.

SENIOR CLASS PLAY.

"The Sophomore" Repeated in Deer-park Club Hall, Thursday Night.

A fair-sized audience witnessed the second production of the three-act comedy-drama, "The Sophomore," by the Senior Class of the Port Jervis High School in Deerpark Club Hall on Thursday evening under the direction of Edward J. Carey.

Those in the play were Messrs. Henry L. Whittaker, J. Edwin Kadel, David O. Hammond, W. J. Tighe, Burton E. Chase, George B. Hupp, Herman A. Manthel, Benjamin Percival, Misses Blanch C. Buch, Leona Lamoreaux, Edna Durant and Marion Jones.

It was an excellent entertainment and pleased the patrons. After the play, dancing was enjoyed, the music being furnished by Richardson's orchestra.

EASTERN STAR MEETING.

Orange Chapter Plans For a Lawn Social on July 16th.

The regular meeting of Orange Chapter No. 33, Order of the Eastern Star, was held in Masonic Hall on Thursday evening, worthy Matron Miss Cora Snyder, presiding. Considerable business was transacted. The strawberry festival which was to have been held last Friday at the home of Mrs. Marietta Hunt on Hammond street, has been postponed. On July 16th a lawn social will be held at the residence of Mr. and Mrs. McHafey, 59 Hudson street, supper to be served at six o'clock on the large lawn. If stormy, the social will be held within the house.

The Chapter decided to hold their annual picnic at the home of Mr. and Mrs. Eugene Rhodes, at Westbrookville, during the summer, the day to be decided later. Mrs. George Clark, of Hartford, Conn., a member of Vassar Chapter, Poughkeepsie, N. Y., was a visitor at the meeting, making some pleasing remarks. An informal social was held at the close, the Chapter having been called off during July and August, to resume work on September 12th.

Men's Circle Entertained.

The magician Jeffries entertained a meeting of the Men's Circle in the chapel of the First Presbyterian Church, Thursday evening. The entertainment was one of the best of the

street, and Miss Margaret Finan, of Lumber street, were united in marriage on Wednesday, June 26th, by the Rev. W. J. Donohue, in St. Mary's Church. They will make their home on Erie street.

Misses Agnes Burke, of Brooklyn, N. Y., and Florence Gannon, of Orange, N. J., are the guests of their aunt, Miss Margaret Flynn, on Holbrook street.

"Sport," the pet dog owned by Miss Margaret Flynn, of Holbrook street, and "Jip," owned by Eric Cuddeback, of Erie street, died suddenly from poisoning on Monday. "Sport" was a very intelligent animal and was a general favorite in the community where he is greatly missed.

The Willing Workers of the First Presbyterian Church enjoyed a picnic at the home of Mr. and Mrs. Raymond Palmer, 230 West Main street, on Tuesday afternoon.

season. Vice-President Palmer presided. Ice cream and cake were served at the close of the entertainment.

Alary's Orchestra at Milford.

Alary's orchestra gave a concert in the Methodist Episcopal Church at Milford on Thursday evening that was largely attended and enjoyed by all present. The program was similar to the one which will be given on Tuesday evening, July 2d, at Deer-park Club Hall. It included two solos by Miss Hazel Bennet.

LOCAL AID FOR THE NEEDY.

Report of The Associated Charities For June, 1912.

Illness more than any other cause has brought the applicants to our office this month. Temporary relief has been given to these. Of the eight applications for work only three improved the opportunity given. Gifts of clothing have been received from Mrs. J. H. Merriam, Mrs. Chas. Norris and one unknown donor. \$10 has been received for a special case.

In the emergency fund, balance June 1, \$13.70; sale of 2d-hand clothing, \$5; loans repaid, \$2. Total, \$19.70. Expended, relief, \$7.65; coal, \$1.20; loaned, \$3; telegraph, \$1. Total, \$12.61. Balance, July 1st, \$8.09.

SOCIALISTS MEET AT SPARROWBUSH

Rev. Samuel Jones Addressed a Meeting on Christian Socialism Tuesday Night.

SAYS RELIGION IS ESSENTIAL

Socialism May Become the Most Selfish Thing in the World Unless It is of the Right Sort. Speaker States.

Rev. Samuel Jones, of Port Jervis, lectured on Socialism, Tuesday night, June 25, in Sparrowbush Village Hall, Port Jervis, Matamoras, Milford and Mill Rift were represented in the audience by attentive listeners who were responsive to the earnest plea made for Christian Socialism by the eloquent Socialist-Christians. The speaker declared that the times are out of joint, that this great age is great in its weakness. It is an age of inequality. On one hand we see the stately palace; on the other, the miserable hovel. Here is the great boulevard; there the alley, narrow, dark and dirty. The poor toilers, the rich loafers, and wealth and poverty in general, were vividly contrasted. Socialism is a protest against these conditions. Socialism believes in the man—the whole man—in man with his rights.

In discussing man's needs the lecturer emphasized the necessity of religion without which no great movement can be successful. The present order is a mixed order and has produced the disorders of our age. It is responsible for poverty and other deplorable things. To show the practicality of Socialism the speaker cited the postal system, which he regarded as the greatest system of today.

He decared the criticism of the Socialist flag, while it is customary for organizations to have an emblem of their own, and paid a fervent tribute to the Stars and Stripes which elicited applause. Every man must be for one man and one man for every man. Without the great ideal, Socialism can become the most selfish thing in the world.

Mr. Horatio Hazelton, of Milford, followed with a brief address in which he drew attention to the enormous profit which capitalism exacts, and in vigorous language denounced the subsidized press which is trying to delude the people. He said the old argument that we can not help conditions as they are would hold good until the people marched to the polls and voted for Socialism.

Concluding remarks were made by Squire Dedrick, a veteran battler for human rights, who spoke felicitously of the speakers and the meeting, and drew an optimistic picture of the steady and irresistible growth of Socialism and predicted its ultimate triumph.

It is evident that the Sparrowbush comrades are thoroughly in earnest. They are tired of political sophistries. Being practical men, they will vote as they talk. One member informed the writer that their ticket would poll one-third of the total vote of the district.

LIGHTNING KILLS MAN.

Polander Struck by Bolt in Saturday's Storm.

Chester, July 2.—During the heavy shower which swept over this section Saturday afternoon a bolt of lightning struck and instantly killed a Poland-er employed by James Steadman on his farm one mile from Greyeourt.

The man had just started to bring the cows to the barn. Mr. Steadman called to him to return and get a coat. As he turned the bolt struck him.

All the clothing was torn from his body. The straw hat he wore was torn into bits and his shoes were ripped apart.

The Poland-er had been in the United States only three weeks. Mr. Steadman secured him from an agency in New York City and did not know his name.

Lightning Fired Large Barn.

Montgomery, July 1.—The large dairy barn of Thomas Malley, about three miles north of this village, was struck by lightning during a heavy thunder shower on Saturday afternoon about 3 o'clock. The entire structure was consumed, with several tons of last year's hay and other farming articles. Mr. Malley had just moved several acres of grass, with the intention of placing it in the barn Monday. The barn was a large one, housing 40 cattle in the winter. The loss is partly covered by insurance.
