The Year 1926 HAS BEEN OUR BANNER YEAR in so much as we have done a greater volume of business and added more new customers than we have ever before in any year since starting business fifteen years ago. This is very gratifying to us, as it is a clear indication that our policy of fair dealing has been recognized and appreciated by the public. We always endeavor to avoid the spectacular, and refrain from indulging in "wild cat sales," offering merchandise at less than cost with something for nothing thrown in. We consider such methods as a reflection on the intelligence and business acumen of the public. Our policy of offering first class, nationally advertised merchandise, at the minimum of profit has been accepted and appreciated by the discerning public. Therefore at the completion of 15 years of successful merchandising along these lines we take this opportunity to extend to our large clientele of customers, old and new, our sincerest thanks, and we extend to them every good wish for a Happy Christmas and a most Prosperous New Year.
