SUPERB BILL IS OFFERED AT THE GRALYN

Stepping Along, The Great Gatsby, Flaming Forest and Other New Attractions Are Offered. Johnny Hines' latest First National Picture, "Stepping Along," which comes to the Gralyn on Wednesday and Thursday is an adaptation of the original story, "The Knickerbocker Kid," written by Matt Taylor, well known in motion picture literary circles and a brother of Sam Taylor who was responsible for a number of Harold Lloyd's past screen successes. Pretty Mary Brian plays opposite Johnny in this rollicking comedy, full of laughs and dancing. F. Scott Fitzgerald's successful novel, "The Great Gatsby," has been filmed and will come to the Gralyn on Friday, June 17. Warner Baxter, Lois Wilson and Hale Hamilton share equal honors in this story of the jazz generation. An altogether pleasing satire centering about a romantic, mysterious personality, it is by the director of "Beau Geste." Renee Adoree, heroine of "The Big Parade," will be seen soon at the Gralyn in "The Flaming Forest," a picturization of James Oliver Curwood's novel of the same name. Renee plays the role of Jeanne Marie while Sergeant Carrigan is played by Antonio Moreno, hero of "The Temptress." "Love's Blindness" and other big pictures of the year. In the way of starting the week with a bang, the Gralyn does it next week by opening at the Gralyn for Monday only with "Valencia," starring Rex Ingram. This is said to be one of the most dramatic films of the year. It is gorgeously costumed and staged and is a real Murray picture. The cast includes Lloyd Hughes in the leading male role and Roy D'Arcy as the villainous governor. All Rockett has again achieved success in "An Affair of the Folies," which he produced for First National. The photoplay, which deals with colorful phases of modern New York city life, features Lewis Stone, Billie Dove and Lloyd Hughes. It is coming to the Gralyn on Tuesday, June 21.

TERRY'S UNCLE TOM'S CABIN

HERE SOON Terry's Big Uncle Tom's Cabin tent show is billed to appear at Gouverneur for one night performance on Wednesday, June 22. The Terry Company is well known as the largest and oldest producers of Uncle Tom's Cabin the world has ever known, and are now in their thirty-third year of everlasting success. Terry's produce the time honored play in its entirety from the original manuscript of Harriet Ward Beecher Stowe, with a capable cast of fifty talented actors, singers, and dancers, including the south's foremost colored talent, genuine southern dainties and presenting a vivid picture of the picturesque old south before the war, with its old plantations, the Swanee River by moonlight, with the singing, dancing and darky pastimes, the famous Louisiana levee scene, the thrilling steamboat race between the Robert E. Lee and the Natchez, showing the explosion and sinking of the Natchez, Legree's Red River plantation, introducing for the first time in America a genuine cotton gin and press in full operation. The

massive scenic equipment of the Terry Company is complete. Never before has its equal been seen. The massive production is carried in their own especially constructed cars. Special attention has also been given to the bands and orchestra this season. Nothing but the highest class musicians being engaged for the musical contingent. Terry's concert bands will give a free concert on the principal streets at 7 p. m. Doors are open at 7:30 p. m. and the performance a half hour later. Do not confuse this company with any of the small inferior concerns which have been touring with a few motor trucks to transport their small outfit. Terry's has no connection with any others, and Terry's is the original, and the only Uncle Tom's Cabin Co. in the world that travels in their own cars on account of the massive equipment and exceptionally large company. Remember the date and see that your tickets read Terry's. Don't sprinkle the lawn; give it a good soaking, but only when it really needs one. These "ask-me-another" heads ought to have a good deal of sympathy for the inquiring youngster.
