I have found that six purchasers in ten on an average, have induced at least one other neighbor or friend to purchase one wagon or carriage and two have been instrumental in selling three carriages each. One man caused four carriages all alike to be sold in one neighborhood. Three have each bought a heavy

Studebroke Steel Skein Farm Wagon

and have liked them well enough to come back for more. Remember I sell wagons at from **\$35 and \$85** better the wagon. My wagons and carriages are my best advertisements, every time, all the time.

Buy one of my "IZZER" Buggies, run it a few months, and if not satisfactory, I'll buy it back. I need room badly to show my Cutters and Bob Sleighs and other Winter Goods. I sold more wagons and carriages in

SEPTEMBER and AUGUST

than in any other two months since starting in the wagon business. If you have any thoughts of getting a new rig harness or lap robe, I can sell you for cash or on contract.

Novelty In Literary And Art Features

PRINTING IN COLOR

THE BEST ILLUSTRATIONS, with Cole's Engravings and Castaigne's Drawings

A New and Superbly Illustrated

Life Of Cromwell

By the Right Hon. John Morley, M. P.

The conductors of The Century take special pleasure in announcing this as the leading historical serial of the magazine in 1900. No man is more competent than John Morley, who was selected by Mr. Gladstone's family to write the biography of Gladstone, to treat Cromwell in the spirit of the end of the nineteenth century.

THE ILLUSTRATIONS

will be remarkable. Besides original drawings, there will be valuable unpublished portraits lent by Her Majesty the Queen, and by the owners of the greatest Cromwell collections. Other features include:

ERNEST SETON-THOMPSON'S

"Biography of a Grizzly," delightfully illustrated by the artist-author, the longest and most important literary work of the author of "Wild Animals I Have Known."

PARIS, ILLUSTRATED BY GASTAIGNE

A series of papers for the Exposition year, by Richard Whiting, author of "No. 5 John Street," splendidly illustrated with more than sixty pictures by the famous artist Castaigne, including views of the Paris Exposition.

LONDON, ILLUSTRATED BY PHIL MAY

A series of papers on the East End of London by Sir Walter Besant, with pictures by Phil May and Joseph Pennell.

SAILING ALONE AROUND THE WORLD

The record of a voyage of 40,000 miles undertaken single-handed and alone in a 40-foot boat. A most delightful biography of the sea.

THE AUTHOR OF "HUGH WYNNE,"

Dr. S. Weir Mitchell, will furnish a short serial remarkable psychological interest, "The Autobiography of a Quack," and there will be short stories by all the leading writers.

A CHAPTER FROM MARK TWAIN'S ABANDONED AUTOBIOGRAPHY

Familiar accounts of Tennyson, Browning, Lowell, Emmerson, Bryant, Whittier, and Holmes.

IMPORTANT PAPERS

By Governor Theodore Roosevelt, President Elliot of Harvard University, Thomas Bailey Aldrich, Woodrow Wilson, John Burroughs, and others.

AMERICAN SECRET HISTORY

A series of papers of commanding interest.

THE ART WORK OF THE CENTURY

It is everywhere conceded that THE CENTURY has led the world in art. Timothy Cole's unique and beautiful wood blocks will continue to be a feature, with the work of many engravers who have made the American school famous. The fine half-tone plates—re-engraved by wood-engravers—for which the magazine is distinguished, will appear with new methods of printing and illustrating.
