BUTLER'S Emulsion of Cod Liver Oil

Should be preferred to the stale preparations usually sold. It is made from the finest Norwegian Oil. It contains 40 per cent of the Pure Oil not from 20 to 30 per cent as the cheap imitations usually do. It is more palatable than anything in market, and is taken by children without objection. LASTLY—because it is always fresh. Being made especially for my own sales, I make every week. This method gives it the purity and freshness of the original.
