NORTHVILLE.

A male bag—The capture of a husband.

Town meeting occurs on Tuesday, February 13th.

Hon. Mortimer Wade of Johnstown, was in town Thursday.

The Presbyterians are getting ready for their concert.

What's the matter with a howling mob? It's all riot.

Raining cats and dogs is surely no worse than hailing strangers.

The ups and downs of life are better than being down all the time.

There must be some merit in Tulp soap or everybody wouldn't buy it.

The dirtiest men in the world are made the cleanest by using Tulp soap.

A pretty girl don't object to reflections on herself when they come from a looking glass.

We are under obligations to the Amsterdam Recorder for a copy of their neat and tasty Annual.

Face powder does not always help a young woman to go off quickly in the matrimonial market.

Extra meetings have been held in the several churches this week in continuation of the Week of Prayer.

George N. Brown received a car load of stone from Tribes Hill Monday, for the foundation for his new residence.

Dogs are said to speak with their tails. Would it be proper, therefore, to call a short tailed dog a stump orator?

There will be two new moons this month. There will be no new moon in February, and so March, a month of 31 days, will also come in for two.

Attention is called to the notice of Dr. Waite in another column. Dr. C. A. Pooler will be at the Doctor's office Jan. 21, and remain one week for the purpose of doing gold filling.

Mr. John Spier delivered a very able and instructive lecture in the Baptist church Sunday night, on "Thoughts for the Hour; or the Sources of Growth and Decay in National Life."

Mrs. Palmer and daughter Jennie have left Parkville and gone to Gloversville to reside. Their household goods were shipped to that place Tuesday morning. Mrs. Palmer has lived at the Dam for 40 years or more.

The Postmastership of Northville is a matter of strife. The applicants are Frank Satterlee and C. B. Ressegule, and both claim they have the bulge on the other fellow. We don't know how this is, and care less. It may happen that both will be beaten by a dark horse. It is not safe to bet. We remember an applicant for a similar office remarking to the writer that having all the best business men on his application "that you couldn't beat him with a club," but he didn't get there all the same.

Mrs. Lucina Courtney died at the residence of her son, David Seidmore, No. 9 Middle street, Gloversville, on Monday, Jan. 7th, aged 84 years. Mrs. Courtney had been seriously ill for many weeks, and her death was not unexpected. She was the mother of H. N. Seidmore Northville and H. F. Seidmore of Newton's Corners. Her funeral was held the Thursday following her death, Rev. W. E. Parke of the Congregational church officiating. Mr. Parke made quite a lengthy address at the funeral, giving many personal reminiscences concerning the life and character of deceased.

School Meeting.

The special school meeting held on Tuesday evening last was harmonious in every particular. The Board of Education presented their report showing every item paid to the amount of \$4,029, and that \$1,259.99 more were required to pay the amount unpaid. After some discussion the report was accepted and the Board authorized to raise the money by bonding the district for the amount, payable as follows: \$500 Nov. 1st, 1892, and \$759.99 Nov. 1st, 1893. We are glad that the spirit of harmony prevailed at the meeting, and that the inhabitants of the district upon the second sober thought concluded it best to authorize the issuing of bonds to pay the debt, instead of entering into a litigation which would only result in making a larger bill to pay.

A Fatal Accident.

A few miles above Griffin, at or near the County Line Crossing a temporary bridge has been built, across which Wm. Henderson and another man were hauling bark. Last Thursday as Henderson came onto the bridge with a load of bark the sled slewed off of the upper side turning over into the river, the horses also going off on top of the load. The other man, who was a few rods behind, immediately ran to the lower side of the bridge to assist Henderson, but the water being very swift, he could see nothing of him. Help was procured the team rescued and search commenced for Henderson whose lifeless body was found the next day in deep water about a mile below. The remains were brought to Wellstown and the funeral attended in the M. E. church on Saturday. He leaves a widow to mourn his sudden death, he having been married a few months ago to a daughter of James Pettit.—Adirondack Herald.

Those in want of a first class Piano or Organ would do well to communicate with Crouse & Fuller, Broadalbin, N. Y., who are the agents for the celebrated A No. 1 Boardman & Gray Piano. Speaking of Pianos leads us to remark that Lieut. Gov. Jones has just had placed in his residence in Albany one of Boardman & Gray's Upright Pianos, which is pronounced by those who have seen it as superb. This is a deserved compliment to Messrs. Boardman & Gray, and should satisfy all that their instruments are not excelled.

The miners throughout the entire coal regions of Pennsylvania all use Tulp soap—unmistakable proof that it is a good soap.

Seventy-five thousand trout spawn were received at the Sacandaga hatchery last week from the Caladonia hatchery.

"There it goes again" said one of our grocers yesterday as a lady went out with a dozen cakes of Tulp soap, after vowing she would use no other.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half a dollar a bottle at G. N. Brown's Drug Store.

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at G. N. Brown's Drug Store.
