

Scout Groups To Mark Birth 30 Years Ago

The nation's 1,330,000 Cub Scouts and their leaders will celebrate the 30th anniversary of the incorporation of the Boy Scouts of America in a week's observance beginning Thursday, Feb. 8.

Boy Scout Week is the most important week in the Boy Scout calendar and nine million present and former Scouts and leaders will join the celebration which this year has as its theme "Scouting - The American Way."

The Scout Program with its Patrol method and other group action features is a "school for citizenship."

Speaking also during the Presidential broadcast will be Walter W. Head, of St. Louis, President of the Boy Scouts of America, who will speak from Detroit, Mich., where he will be attending a dinner of Scout leaders.

A feature of the White House broadcast will be the annual re-dedication by the nation's Scouts to the Scout Oath which is the guiding principle of Scouting.

At the conclusion of his address, President Roosevelt will ask the Scouts, listening in every part of the nation as well as in all of its possessions, to take the Scout Oath or Promise led by Mr. James H. West, Chief Scout Executive and Editor of "Boy's Life" who will be "put into" the broadcast from Miami, Fla.

Sunday, February 11, will be Scout Reverence Day and in thousands of churches of every denomination there will be Scouts attending special services.

Special emphasis will be placed upon the "twelfth part" of the Scout Law which reads: "A Scout is Reverent. He is reverent toward God. He is faithful in his religious duties, and respects the convictions of others in matters of custom and religion."

For motorists who would avoid the winter casualty lists, Julien H. Harvey, managing director of the National Conservation Bureau, accident prevention division of the Association of Casualty and Surety Executives, recommends the following rules:

Reduce average speed below that used in months when there is no snow or ice.

Reduce night speed below daytime speed.

Apply brakes gradually and use second gear to help slow down the car, especially when going down hill.

Use chains on packed snow or ice, but do not depend on them to save you from trouble at high speed.

Scouting Beckons All Boys

When the Boy Scouts of America celebrates its 30th birthday on Thursday, February 8, all of the 1,330,000 Scouts, Cub Scouts and Scout leaders will re-dedicate themselves to the service motive which has characterized the Movement for three decades.

Other county winners who will compete with Miss Stevenson for the state crown next Saturday are: Robert Crane, Webster, Monroe County; Betty Plick, Geneva, Ontario County; and Barbara Mathes, Albion, Orleans County.

Winner in the state contest will represent New York in the National Contest to be held at Chicago Feb. 20, 21 and 22 as the climax to National Cherry Week.

Grand national prize will be a trip to Washington, D. C.

'Good Turn' to American in London Gave Birth to U. S. Boys Scouts

An American business man groped in a London fog three decades ago, and from the mist a boy appeared and inoculated him with the germ of a movement which is to be celebrated February 8th as the 30th Anniversary of the founding of the Boy Scouts of America—an organization which has penetrated every state in the union and has taken part of its story in the citizenship of nearly 9,000,000 men and boys.

The Scout movement was originated in England through the efforts of Robert S. S. Baden-Powell, in charge of the South African Constabulary. He recognized that his men lacked character values.

Mr. Boyce was a Chicago publisher interested in boys. On his return to America he interested prominent public men in the enterprise and as a result the Boy Scouts of America movement was launched.

Good for Every Day Occasion

Two-thirds of the entering classes at the United States Military and Naval academies are composed of former Boy Scouts.

When all is said and done, nothing is nicer for small girls than a jumper frock with a crisp guimpe. Your own daughter will look sweet enough to eat in 8579—the puff sleeves and square neckline edged with frills, the skirt rippling about her knees.

The skirt has rows of gathers at the high waistline, making it pretty full and a saucy pinafore bow blooming at the back. This is such a practical style, too, because one dark jumper and several white guimpes make it easy for you to keep her freshly dressed for every day.

Challis, wool crepe, linen and gingham are nice for the jumper; organdy, dimity and lawn for the guimpe. Send for the pattern today. A step-by-step sew chart is included to guide you.

Pattern 8610—Even the very simplest little frock can be so smart, so figure-flattering, so truly feminine, that it makes you look glamorous. This one, for instance! There's so little detailing to it that you can easily make it even if you haven't had sewing experience, and you'll certainly be proud of the results.

Every line of it is alive with youthful charm—the wide corsette girder that makes you look supple and slim at the waist. The skirt, with graceful, all-round fullness. The double collar effect, that frames your face in snowy white or bright contrast.

Plaid fabrics like velvet, challis, flat crepe and satin are best adapted to the softness of this frock. Choose black or one of
