Economy Hints

There is a deal of so called economy that is senseless extravagance and waste in itself the purpose of economy...

Too many women in their effort to save everything throw away a large amount of material that could be expended or used in a much better way...

The desire to save half of a five cent loaf of bread which causes some women to use a quart of eight cent milk and four eggs at 4 or 5 cents apiece...

Par better would be the purchase of a quart of ice cream at 50 cents which would save her time, labor and fuel and give the family the pleasure of a luxury and add to the value of the amount...

If in spite of careful buying and cutting she should some day find herself with part of a loaf of bread to dispose of she might much better throw away the 3 or 4 cents' worth of food than expend 30 or 40 cents to save it...

If they can go into the stock pot together with three or four other bits of palatable vegetables which will give a good flavor to soup they will have been well utilized but it is an extravagance to build up a new dish around them...

If there is a large amount of fat that can be used in such a way and it can be done without taking time from other necessary tasks it will be a real economy to utilize all such fat...

How to Make Jams Attractive. It is an excellent idea in doing up jam, either for home use or for a woman's exchange, where the neatness and attractiveness of a glass, often intended as a gift to the slot, count for much...

JOLENESS

Know thy work and do it, and work at it like Hercules. One monster there is in the world - and the name is 'Thine' - Carlyle.

SEE THINGS RIGHTLY. I believe of mankind will never have any sudden change of things as they are...
