Our commitment to you is for life.

You're never too young or too old for Blue Cross and Blue Shield.

You probably started with us on a family plan. Enrolled the day you were born. And your Blue Cross and Blue Shield coverage followed you everywhere. Through college. When you married. The time you were transferred across the country. And as your own family grows.

Your coverage won't end when you turn 65. We have a special contract. It works right along with Medicare.

Another thing. No matter how many times you use it, you never have to worry about your contract being cancelled. We're with you. Whenever you need us.

we don't think in terms of how much money you can bring us. We think in terms of how much care we can bring you. And how we can do it at the most reasonable cost.

When we sign you up at Blue Cross and Blue Shield, we do it for a lifetime.

We're able to make these promises to you. Because we're a not-for-profit organization.
