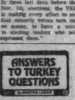
ANSWERS TO TURKEY QUESTIONS

Q. Is turkey high in calories?

A. No. An average serving of white meat of turkey has only 114 calories. Dark meat contains just 174 calories. The skin is used in cooking to add flavor because it is packed full of calories for the same amount of fat. A combination of dark and white meat is a good choice for the 3½ ounce serving. Without the skin, enjoy less fat.



Q. How should you store a turkey?

A. The safe way to store a frozen bird is in the original wrapper in the coldest part of the refrigerator or, in cold weather, throwing caution completely to the wind, in an unheated space by an open window. They point out that the bird should be completely thawed before the rest of the family thaws.

Q. How large a turkey should you buy?

A. You need to buy a turkey large enough to be assured of generous servings. Also you want enough left for sandwiches, soup, and for snacking. So, for 12 people you buy an 18 pounder (they cook best) or 2 rounds of the stringy

DESIGN OF A POSTAGE STAMP to salute the 75th Anniversary of the National PTA is a blackboard with the lettering drafted in a child's script. The blackboard is bordered in yellow and the chalk is in white. Four colors of the stamp design are: Process Yellow, Process Blue, Process Red and Black. Mrs. Oveta Culp Hobby, wife of U. S. Senator William P. Hobby, and former editor of William Hobby's Houston Post, was the first president of the National Congress of Parents and Teachers during its years of working for the welfare of all children, the PTA:

- In 1908 petitioned Congress for a National Health Service (14 years before creation of the U. S. Public Health Service).
- In 1912 played a key role in the passage of the Pure Food Law.
- In 1946 was named principally responsible for the passage of the federal Mental Health Act.
- In 1951 established a national program on narcotics and drug addiction.
- In 1965 enlisted more than a million books to mountain schools in Appalachia.
- In 1970 initiated Project RISE (Reading Improvement Service Everywhere).
- In 1972, under federal funding, inaugurated student education in the use of drugs and alcohol, and is leading the newest pilot programs to be tested at the state level.

Carner Receives Complaints Of Fear

Frederick C. Carner, candidate for the Assembly in the 142nd District, in a press release, reveals that crime is a major problem and issue in the district, the reason I is seeking election.

The candidate stated, "Protest from old voters of his have called me to ask me to do something about the high rate of crime in our neighborhoods.

"The incumbent Assemblyman has done little to solve the problem. In fact, over 7 few of his bills got passed," Carner said.

Carner said that his research committee has investigated the rising crime statistics, and "I am startled that in 1971, out of a total of 78 precincts in the 142nd and 143rd District,

"Out of 1,581 robberies, 812 were in our neighborhood and 48 of the reported robberies were in our area," Carner continued. Carner also pointed out that 33% of 6,256 reported burglaries were in the 142nd Assembly District.

The incumbent Assemblyman is not home often enough to truly understand the need to protect our law-abiding neighbors and community, Carner said. "The first obligation of a State Assemblyman should be to increase the safety of his fellow citizens, so they can live in peace and feer." "And not a law has been shot."
