FOR WOMEN YOUR BODY - HEALTH
(From Page 2)
Two jobs, it is a baby carriage and it bleeds. When a woman knows this and can adjust to the fact that neither of these functions remain after the uterus is removed, she may find the operation easier to accept. Though from now on she will never bear a child, she is still every bit a woman.

Become A Cop? - Are You Kidding!
Being a cop is more than just bustin' people. Your job is to serve, assist and protect the people in your neighborhood. If a cop keeps one kid away from a pusher, or keeps one child from being lusted, he knows he's done something.
As a black police officer you can understand the problems of your black brothers, and the people will know you're there to help.
