

Our new way to save offers you less.

Marine Midland has a new way for you to save. It's called Statement Savings. And it offers you less.

There's less worry about losing your passbook. In fact, no worry at all. Because there's nothing to lose.

There's less chance of someone else making a withdrawal. Only you and your signature can do that.

And there's less running to the bank. No special trips just to have interest posted.

So you see, while you're getting less, you're also getting more. More convenience. And more safety.

Because instead of a passbook, you'll get a statement. A simple statement mailed to your home every three months. It'll tell you how much you've put in, how much you might have taken out, how much interest you've earned, and how much it all adds up to.

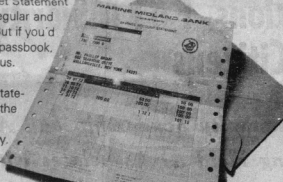

Of course, each time you make a deposit or withdrawal, you'll get a receipt to keep until your quarterly statement arrives.

You can get Statement

Savings on both Regular and Solid 5 accounts. But if you'd still rather have the passbook, that's all right with us. It's up to you.

After all, Statement Savings isn't the only way to save.

It's just the new way.

Statement Savings from Marine Midland Bank.
To us, people are worth more than money.

NEW YORK (RH)—There's nothing common about a cold, when it strikes your child. Though doctors will have you believe otherwise, colds aren't spread a new, their attacks are the same. So, when your child's cold makes him miserable, Curbing Your Child's Cold will help you soothe his symptoms, ease his discomfort, and help him get back to his normal, healthy state. Curbing Your Child's Cold is a doctor's prescription for children's colds. It's a doctor's prescription for children's colds. It's a doctor's prescription for children's colds. Mexico's 'Open Prison' System Successfully Rehabilitates Convicts

MEXICO CITY—Among the far-reaching reforms of the Mexican government is the "open prison" system, an advanced system in criminal, not political, matters. The system is designed to rehabilitate convicts by allowing them to work in the community and to interact with the general public. This system has been successful in rehabilitating many convicts and has been praised by many experts.
