

## SPORTS SCENES WITH SONNY MEANS

The Buffalo Bills concluded their pre-season schedule losing their games, played both at home and away.

Coach Sonny says, "don't be misled by such poorly pre-season playing," because he has a "good, young ball club, and is somewhat satisfied with the way they're playing against Oakland, Sunday night, when they lost

The defensive line looked like a defense of old, but Dennis Lee, who was given his position as starting quarterback, was able to get us on the board in a first half and in the third quarter. Coach Sonny decided to switch his rookie quarterback, J. Ferguson, who found his feet, open four consecutive wins. One of those times was in a road game and led to 6 points, for which Leyland hit the point after to give us 7 points. From that point on there were a number of penalties against the Bills and Raiders, mainly for holding. Nevertheless, all the games were

lost. Owner, Ralph Wilson is very pleased with his attendance record and the gate receipt.

So with the Bills opening their regular season campaign against the New England Patriots, all they will have to do is win at least 7 of their regular season games and that will be enough to put them in the Divisional Playoffs.
