PERSONAL AND GENERAL.

—The Hon. H. G. Burleigh's family are now at Addison Junction.

—Mrs. Oscar Helbig is visiting with her father, Mr. Nelson Porter.

—Butter is selling for 28c in Vergennes.

—Eggs 16 and 17 cents a dozen.

—Hen and egg thieves are at large. Many of the barns have been visited.

—M. Brodie is fixing over his place, preparatory to starting a full fledged hotel.

—Wild ducks are numerous, but as yet they seem to keep in the middle of the lake.

—That rumor about an infant's arm being found in the creek is without any real foundation.

—William G. Leland and wife, of Schroon and Fred Harris, of Paradox, spent Sabbath in town.

—A last the ice is gone from the lakes. On Saturday the last cake disappeared from Lake Champlain.

—The new brick floor has been put down in the skating rink, and it will be open every evening until further notice.

—Yes, yes, commissioner McLaughlin, of course. We are continually calling him Mr. McRory. Forgive and forget Mr. M.

—We should like to know how delegates can possibly represent the sentiment of their districts if such be not expressed.

—Mr. Fitzpatrick of the well known tobacco house of Fitzpatrick & Draper Troy, was in town this week on business.

—Squire Ramsay is beautifying his residence in fine style, and Merchant & Wilbur are mending their ways in a proper manner.

—A slight fire occurred in Peter LaPrette's saloon last Wednesday noon, resulting in about \$100 loss to the proprietor. Uninsured.

—Mr. B. W. Burleigh went to Utica in place of Mr. Stimpson, of Moriah, by the rule adopted that delegates should choose their own alternates.

—In our report of the county convention proceedings General Hammond's name was used erroneously, Charles was the man, not the General.

—The young bull, Lion d'Alpea, a lineal descendant of the famous Jupiter and Alpha is now owned by Mr. R. W. Sholes, of Chipman's Point.

—Subscriptions for the support of the fire hydrants during the coming year are now in order, and as they are for the protection of all, should be supported by all.

—The Merchant National Bank, of Plattsburgh, was organized last Tuesday with a capital of \$100,000. Business will commence first of May, Alfred Gaubard as president and John M. Wever cashier.

—Mr. Turnbull whose death is recorded in another column was a young man newly married, and an employee in the lower pulp mill. His death resulted from a lung hemorrhage, to which we understand he was subject.

—Mr. S. E. Moore has decided to open a manufactory of his "Monitor" bed-spring here. He is located for the present at T. A. Riley's shop, South Main street. Call and examine the springs and see his advertisement of it next week.

—Schroon has settled the supervisor business by holding a new election, the justices not being able to agree on either of the candidates. Mr. Weeks was more successful this time, receiving 16 votes more than his rival, Mr. Whitney.

—A prominent Republican remarked to us the other day: "Essex County is overwhelmingly in favor of Edmunds, and Arthur would not be even second choice were it put to a popular vote." We agree with him. Old Essex is far too intelligent to be satisfied with such a follower of public sentiment as the present occupant of the White House, though he is the best dressed man in Washington.

—No mail was received here Monday from the north or south, owing to washouts near Port Henry, Port Kent, and a huge one south of Putnam, which resulted from the high water and wind of Sunday. At South Bay the track was six inches under water and the drawbridge at Lake Station, two miles north, was carried off. The trackage work north and south of Putnam station was carried away. A large gang of men however succeeded in getting things to right Tuesday afternoon.

—The new criminal code which went into effect two years since contains the following statute with reference to profane swearing: "Whoever any profane swearing is committed in the presence and hearing of a justice of the peace or a mayor, recorder or alderman of a city, while holding court, or any other circumstances such as in the opinion of the magistrate, amounts to a gross violation of public decency, such magistrate may, in his discretion immediately convict the offender; without other proof, and in addition to the fine prescribed (one dollar for each offense) may imprison him in a county jail not exceeding ten days." This looks as though some of our grossly profane citizens may come to grief, unless they heed St. James' advice and bridle their tongues.

—The Green mountains look wintery enough.

—The March lion showed his claws with a vengeance last Monday.

—Mr. John Walker is moving from New Hague to the Skinner farm.

—Over \$5,000 has been raised for the new sanitarium at Saranac lake.

—The highwater swept away one of the outbuildings of the lower pulp mill Tuesday night.

—The boatmen are getting ready to start. The first tow of the season leaves Whitehall to-day.

—Mrs. Dyer Bennett is thinking of cutting a street right through her property at Weedville.

—The entertainment by the young people last Friday evening will net about \$40.00, very good indeed.

—Health and Home free to every new subscriber, and every old one who pays his or her indebtedness. Subscribe at once.

—Rev. O. Thompson, of Champlain, is stopping here a few days on his return from the conference, calling upon his friends old and new.

—Charles Hammel has moved from the Delano farm to the Larrabee place, Shoreham, Vt., and Hugh Ladwitch has taken the Delano farm.

—Mr. Henry McCormick has left the Hammond farm and moved on to the Barney place, having bought that farm of Mrs. Joseph Battolph.

—Subscribers having paid up since the first of March who do not receive "Health and Home" regularly once a month will confer a favor by informing us of the fact.

—A few snow banks linger and the cold damp air has a depressing effect on vegetation. Grass is just peeping out, and hardly any of the farmers have done anything at spring work.

—We expect turkeys will be the fruit of the Vineyard this year. One of our farmers has recently purchased a rare breed, the eggs of which he will sell for only \$25.00 per dozen—Whew!

—The bill appropriating \$50,000 for the building of a dam at the outlet of Indian lake, has just passed the assembly. The proposed dam would be used to hold water in store for use in dry seasons.

—Dr. B. C. Senton, of Whitehall has been appointed by Governor Cleveland assistant surgeon of the 9th separate company of that place with the rank of Lieutenant. He is brother to Mr. C. A. Senton of town. The doctor spells his name the original way.

—Some tenants in removing from one farm to another have shown the very peculiar side of their makeup. Much speculation is at hand in regard to the case of removing stock in the night and the result as to which will be the smartest a Vermont or a Ticonderoga lawyer.

—Several changes have lately taken place in the Delano neighborhood. Mr. Haverling's family have moved from the Pepper house to Chilton Hill. Mr. Pepper has moved from Ti. Street, and exchanged his house and lot for the farm of L. R. Ingram, Mr. Pepper assuming the mortgage on the Ingram place.

—A farmer residing near Saratoga found a number of black snakes concealed in a cavern near his house, where it is supposed they had gone for protection from the cold of winter. He succeeded in killing over fifty of them measuring on an average four feet each. A number were killed at this place about the same time last year, by inserting a long pole into the cavity, to which the snakes clung so tightly as to make it very difficult to withdraw the pole. This species of snakes is not found in or near this vicinity in the warm weather.

—As an illustration of how some people will, and can live. Late last fall a large flat bottomed boat with a cabin on it containing a woman, five children and, some personal and furniture was going through the lake to Crown Point when they got froze in at Kirby's Point. By cutting ice the boat was brought to the shore and stranded. On it the women and children have spent the winter. The boat has leaked badly, but by active pumping the water has been kept on a level with the floor of the cabin. For their fuel the woman has picked up wood and coal on the railroad-track.

—The hunter is now seen plodding along his weary way, a gun on his shoulder and a lean cur at his heels and perchance a muskrat by the tail. One of our farmers wishing an extra hand for a few days went to see one of these mighty Nimrods whose home and surroundings were not partial, and made him an offer of eighty cents per day with board and lodging for one month. He was answered, "No sir ee yeau don't catch me foolin' my time for that price. I can make more a huntin'." He went and invested in explosives and projectiles and is now daily seen tramping through the mud, while the family live on what can be had.

—Mrs. Ellen Griffin, an old resident of the Delano neighborhood, died at the residence of her son-in-law George Randall, April 12th. Funeral services were held April 14th at the Catholic church. Mrs. Griffin was a hard working energetic woman, few women of our degenerate days are endowed with such capacity for labor. Left a widow with a family of small children, she provided for their wants by tilling, with her own hands, her little farm, or earning a man's wages as day laborer on adjoining farms. Her road tax was worked out by herself. The writer has often seen her passing up a steep hill near her house with three pails of water, one in each hand and a third carefully poised on her head. But age and hardship had weakened the strong frame, and for many years the once erect form had been bowed down, and now "Aunt Ellen" has passed onwards to be with us no more.

—The Sagamore will open June 1st.

T. E. Roselle & Son, proprietors of the Fort Wm. Henry hotel, Lake George, intend to expend about \$25,000 in improvements before the season opens. Four handsome cottages, costing \$10,000 are to be erected, and electric lights are to be introduced on the premises.

Lake George is to have another piscatorial variety, white perch, which are being put in it this week by the Messrs. Lockhart, of Warrenburgh. Capt. E. S. Harris is raising the necessary expenses by subscription.

Arrangements are being made for a grand canoe meeting on Lake George, July 25, 26 and 27, by the Lake George and Whitehall canoe clubs. W. W. Cooke, Jr., of Whitehall will give any further information regarding it.

The Steamer Lillie M. Price is undergoing extensive repairs.

Hannibal Allen will open the Fourteen Mile Island house, on Lake George this season. The house has been thoroughly repaired and newly furnished.

Lake George is said to be higher than it has been before in six years.

The ice went out of Lake George Monday.

—The Stars will play their first game of the season Decoration day. It has not yet been decided who they will meet, perhaps the Fort Edward Institute nine, or the Middlebury College club.

—A lady familiar with metropolitan shopping, informed us the other day that she found our merchants here sold at just the same prices as they do in New York. Why should not this be the case? Rent makes up the difference in freight.

—Rutland will have a four-days' musical festival the first week in May, with a big local chorus, the Germania orchestra from Boston and Carl Zerrahn to conduct. Beethoven's Fifth symphony will be given, and "Elijah," Max Brunch's "Fair Ellen," and a mass by George A. Mietzke, a local composer will be sung. The soloists include Mrs. Helen Ames, Mme. Rive-King, Ella Earle, a Vermont girl, who has been making a good reputation in New York choirs and concerts, E. L. King, tenor, D. M. Babcock, bass and Ivan E. Morawski, a New York baritone, who will try "Elijah."

The District Convention.

The Republican convention for this, the 21st congressional district, composed of Clinton, Essex, Franklin and Warren counties, was held at Plattsburgh last Friday. The delegates selected to represent the district at Chicago are Gen. John Hammond, of Essex, and Hon. George Chahoon, of Clinton, with Jerome Lapham, of Warren and Hon. S. A. Beman, of Franklin, as alternates. Hon. Albert Hobbs, of Franklin, was named as presidential elector.

Court Notes.

April 21. Before Justice Stevenson. Mary Shasen against Peter Laprette, in her own behalf for selling intoxicating liquors to complainant's husband, after notice in writing had been served forbidding such sale. Adjourned until Monday next.

April 21. The people against William Hardy for assault in the third degree upon the person of Frank Holcomb, adjourned until Monday next.

April 22. William D. Gilligan against John Bailey, Edmund Bailey and Lovina Bailey. Summary proceedings to obtain possession of rented property. Final order denied with costs for defendants.

Horse Notes.

Mr. Porter has just received a complete pedigree of Aristos and Lambertus, which he is having published. The prominence of Messenger's blood on both sides is strikingly apparent.

Captain "Jake" Vanderbuilt speeded Boston, a mile at Fleetwood Park last Friday, before a box wagon in 2:22. Boston is a Ticonderoga horse, raised by William French, he is brother to LaVake's and Wright's Maud A., who trotted on the ice in 2:27 this winter, and also of D. J. Gilligan's Bessie L. French sold Boston to Mr. Fabeyan for \$2,000. He was afterwards sold for \$8,000.

The famous trotting horse Starmont, by Almont, out of Starling, and owned by Prof. Theo. Armstrong, of Mount Union, and Gen. W. T. Withers, of Lexington, Ky., dropped dead Sunday morning in his stable in Mount Union, O. He was valued at \$8,500. Six thousand dollars was refused for him last season.

Entertainments.

Our young people acquitted themselves very creditably in their entertainment given at the opera house last Friday evening. The costumes of those who appeared in the first part of the programme—"Blue Beard," especially those of the young ladies were so effective as to cause considerable comment among the young gallery gods. The music, recitations, tableaux and singing showed careful study and drill. All took their parts well but to Miss Lillian Hulet belongs the laurels for the most natural piece of acting. The chorus of "Johnny Smoker" so delighted the audience that an encore was given. The tableau, "Insanity," showing the effects of rum was particularly striking. The entertainment was concluded with a farce in which Masters. W. Jeffers as John Smith, Sr., S. Packard as John Smith, Jr., and R. Fenton as Mr. Firkin rendered their parts very pleasingly. In fact the young people merited and received the applause of a well filled house, with many best wishes for future success to their efforts in a cause so worthy.

Arrangements are almost completed for a fine vocal and instrumental concert, to be given at Weed's Opera House, about the middle of May, for the benefit of the Episcopal church. The well known Tremble Quartette of Port Henry have been engaged for the occasion, and will be assisted by Mrs. C. H. Bowker, Miss Grace Griswold & others. In all respects this promises to be the best entertainment of the season. For further particulars see advertisement next week.

The Idle Hours Company are to be here this summer, with the finest troupe that has ever been in Ticonderoga, it is stated.

Lake George Notes.

The Sagamore will open June 1st.

T. E. Roselle & Son, proprietors of the Fort Wm. Henry hotel, Lake George, intend to expend about \$25,000 in improvements before the season opens. Four handsome cottages, costing \$10,000 are to be erected, and electric lights are to be introduced on the premises.
