What Are YOU Looking For?

We have just listed this fine diner or small restaurant, located in a small village outside of Watertown. It has a 3 bedroom apartment overhead. Showing nice income and possible terms to interested parties.
75 acres near Gomer Hill above Turin, and bordering State lands. 3 bedroom, home or camp having electricity, some furnishings. With some lands becoming harder and harder to obtain, we feel this is a bargain. 25% down to reliable parties.
Beautiful building lot, (2 1/4 acres) overlooking the Black River Valley, just above Turin. No trailers allowed. Better investigate.
We have just found out that several of the homes we have listed in Lowville may be eligible for F.H.A. financing, with NO downpayment. Possession may be had in 3-4 months, (only the time it takes to close).

Lions' Club Hearing Set

Lowville Lions' Club will sponsor a free hearing clinic Wednesday, November 7, in the elementary cafeteria of Lowville Academy and Central School from 7 to 9 p.m.
The screening will be done by Dr. Richard Merchant of Norfolk, a Lions Club member and associate professor of audiology at the State University College at Potsdam. Dr. Merchant, assisted by members of his Lions Club, has volunteered his services to conduct free hearing screenings for Lions' Club communities throughout northern New York State.
In addition to conducting hearing clinics, Dr. Merchant has also set up "hearing-aid bank." He collects old hearing-aids, reconditions them and makes them available either to needy people or on a loan basis while one's own hearingaid is being repaired.
People having old hearing-aids to donate to the project can either take them to the clinic next week or turn them in at Lloyd's Diner or the Sherwin-Williams Paint Store in Lowville.

Chamber Dinner

Martin Schill, director of the Lewis County Chamber of Commerce and dinner chairman of the annual meeting and dinner dance of the chamber, stated this week that the arrangements for the annual affair at the Wax House, Snow Ridge, Turin on Saturday, Nov. 10, are about complete.
Stuart Harris, executive secretary, stated that the advance sale of tickets is very gratifying and that sales are ahead of last year. The 1972 affair was attended by nearly 200 people.
After the dinner, President Paul V. Foret will conduct a short business session after which time State Commissioner of the Office for Local Government Dr. Sal J. Prezioso will make a short address. Frank Saeed and his 17 piece band will be on hand to furnish music for dancing the rest of the evening.

South Lewis Hosts Clinic

One of the new major service activities of Lionism is that of Hearing Conservation, the prevention of hearing problems and the care of those who are so afflicted.
The Lions would like the public to be aware of some of the things they could do for the community members in the hopes that it will direct persons needing such services to the Lions.
The Lions can provide funds for evaluation of hearing problems, and/or transportation to and from such an evaluation. They could, under some circumstances, provide a hearing aid for the hand-capped, either for permanent or temporary use. They can also supply information relative to places for evaluation, hearing problems, hearing aids, medical services and the like.
On Tuesday, November 13, the South Lewis Lions Club will have a hearing clinic for any children or adults who are interested in having their hearing tested. The hours will be 4 p.m. to 6 p.m. and 7 p.m. to 9 p.m. at the South Lewis Junior-Senior High School, Turin. Registration will be held in Room 121 with the actual testing being done in the health suite. Trained people from St. Lawrence County will be doing the testing. The public is urged to take advantage of the free service.
Should someone, child or adult, who needs hearing services, be known, those interested may contact Martin Willey at 346-6421 or any member of the South Lewis Lions Club for help.

Officers At Bank Session

Cyril McDougall, manager of the Farm Department of the Lewis County Trust Company, and Karl Smith, trust officer, will be the speakers at the annual meeting of the Lewis County Agricultural Key Banker Meeting held in Syracuse.
The meeting is sponsored by the New York State Bankers' Association. At this seminar Professor Robert Smith, who instructs Farm Finance at the New York State College of Agriculture at Cornell University, will be the featured speaker in "Farm Business Management Decision-Making".
There were also reports given by the Agricultural County Key-Bankers. With the increase in the size and operation of the dairy farms, both the banker and farmer must be kept informed of the latest techniques in the field of agriculture; seminars of this type supply this information.

Salvation Army

The Local Service Unit of the Salvation Army will hold a pre-Christmas planning meeting on Nov. 8, at 7:30 p.m. in the Lewis County Trust Company Community Room in Lowville. Anyone interested in participating in the program to aid the needy of the area is welcome to attend.
